Received this from Boris;

Dear Worthy Grand Knight:

Due to the restrictions imposed by various levels of government on gatherings, it may not be possible to hold council elections during the proscribed May 1, 2020 through June 15, 2020 period. The suggestion has been made by the state council that, if necessary, councils maintain their current slate of officers for the 2020-2021 Columbian year, with the required change to drop the trustee that is completing his third year and replace him with a new trustee beginning the first year of a three year mandate.

Also, the Supreme council will not be assessing councils a per-capita tax in July 2020 as per the enclosed letter recently sent to all council financial secretaries.

Sincerely yours,
Boris Polanski
